# TRAINING WITH SNOW GUARANTEE

SPRING 2024

## TRAINING ON THE STUBAI GLACIER FROM 6 APRIL TO 20 MAY 2024

The Stubai Glacier offers numerous training runs for training groups. Due to its altitude of up to 3,210 metres, there is sure to be snow in spring time. Skiing is possible until 20 May 2024.

## TRAINING RUNS

The Stubai Glacier offers squad skiers and winter sports associations space to train on demarcated piste sections in spring. After prior registration, ski clubs have the opportunity to train

on the slopes of the Stubai Glacier, from giant slalom to slalom or wave course.

All information is subject to the snow & weather conditions as well as the booking situation. **We ask you to book early.**

We endeavour to ensure that everything runs smoothly for the teams. A reservation will only be made once all documents (agreement and registration form for 2023/24) have been completed, signed and returned to us.

All forms can be found at:

<http://www.stubaier-gletscher.com/aktivitaet/skifahren/trainingsmannschaften/>

We reserve the right, to combine smaller groups on one training piste if necessary.

## COACH MEETING

Coaches are asked to confirm the pistes for the following day by telephone on +43 5226 8141 345 or directly at the Eisgrat information centre/ticket office at the valley station.
