MY GLACIER IS THE GREATEST!

BUT LIVING ON A GLACIER LIKE THIS IS NOT JUST FUN.

WE ALSO HAVE TO TAKE CARE OF THE ICE so that it really stays "forever". 40 years ago, B.BIG and I sledged all the way down to the Dresdner Hütte in the middle of summer! That's why the people from the Glacier Cable Car started to cover up large areas of ice here in 2004 with white mats, which you can see everywhere. In total, we roll out 10 hectares of matted fibres, a 5 mm thick piece of material, over the glacier. This stops it from melting, and even helps it to grow.

HOW THICK IS THE GLACIER MAT, WHICH IS USED TO COVER UP THE ICY SURFACE OF THE STUBAI GLACIER?

A 1 m
D 15 cm
G 5 mm

I have been living here in the ice for over a hundred years, but nevertheless, I still find it fascinating to think that there are enclosures in the glacier ice that are much, much older than me. We have found a few of these enclosures for you in the ice grotto. You can see spores in the ice using the microscope glasses. I bet you'll find loads more if you look closely.

WHAT THINGS CAN YOU SEE IN THE ICE?

(the correct answers are then used as letters 05, 06 and 08 in the solution)

- R** ORIBATID MITE
- B** CAMELS
- O** SPORES
- T** SAND
- Z** CHAIR LIFTS

HOW MANY ENCLOSURES DID YOU SEE?

MY ICE GROTTTO

FIND MINI B'S FAVOURITE PLACE

Mini B's favourite place to play in the Stubai Glacier ice grotto is right at the back in the narrow passageway. He has put a special mark in this place. Can you find a clue?

WELCOME TO MY ICE GROTTTO

This ice grotto is my home. Now we are 30 metres below the surface and we can see many of the distinctive natural features of a glacier, such as enclosures in the glacier ice and the different layers of ice, which tell us how old the glacier is ...

TAKE A CLOSER LOOK, I'VE HIDDEN A FEW SECRETS IN THE ICE GROTTTO. FIND THE CLUES AND SOLVE THE BIG FAMILY ICE CHALLENGE IN MY ICE GROTTTO.

I LIKE TO TAKE A NAP BEHIND THE BIG ICE THRONE. I OFTEN HAVE MY BEST IDEAS WHEN I'M DREAMING. THEN I WRITE THEM DOWN STRAIGHT AWAY. PERHAPS YOU'LL FIND ONE OF MY NOTES BEHIND THE THRONE.
